POTOMAC PISHERIES.

Not a Successful Season. The fisheries on the Potomac have not proved successful investment this season, and many of the parties conducting them will be, financially, worse off at the close than they were at the be ginning of the work. Some of the larger seine-haulers have already become sufficiently dis-couraged as to quit operations for the remainder of the fishing time. This failure is attributed to the fact that the business is overdone, and there is no remedy until the States of Maryland and Virginia make statutory enactments covering the case, and have them rigidly enforced.

Be sure to see the races to-day. CATARRH.

Deafners and Affection of the Lungs Cured. rifficate from Mr. J. Henry Carroll.] Washington, D. C., Feb. 25, 1876. My attention having been attracted to a testi monial from Rev. Mr. Domer, the distinguished paster of the English Lutheran'church, Eleventh and H streets, this city, certifying to the remark and it streets, this city, certifying to the remark-able cure of an affection of ithe ear by Dr. Hart-ley, I concluded to try [the doctor's skill in a case of catarrh of very aggravated form, from which I had suffered for many years past, which had se-riously impaired my hearing and developed every symptom of consumption. I am happy to state that Dr. Hartley has effected a complete and rad-

cal cure, removing every vestige of catarrh, deaf-ness and affection of the lungs, and I am now as healthy and can hear as perfectly as at any for-mer period of my life. Dr. Hartley's remarkable success in my case justifies this testimonial, and he has my best thanks, with a more substantial J. HENRY CARROLL, 813 I street northwest. (From the Rev. Cyrus H. Fay, 1016 Eighth street northwest, Washington, D. C.)

I have pleasure; in adding another testimental to the many already given to the skill of Dr. Hartley in the treatment of deafness. Benefits received in the line of his profession by myself and members of my family prompt me to make this unsolicited acknowledgment.
